

What to fundraise for

Do you want to host an event to fundraise among your friends, family, and community?

Here are some ideas of what to fundraise for:

Yellowknife
COMMUNITY FOUNDATION

1

Yellowknife Community Fund

This is an endowment fund that has been around since the early 1990's. Donations to this Fund help support yearly grants to community organizations in Yellowknife.

2

Northern Legacy Fund

This is a new territory-wide Fund, established in 2024. Donations to this Fund will help support grants to community organizations in the Northwest Territories.

3

Administration Fund

The Administration Fund is important to ensure that the Yellowknife Community Foundation can do the work required to provide student awards, grants, and overall, to be a catalyst for sharing supportive, and connected communities.

4

Donor Advised Funds

We manage a variety of student awards and granting funds established by individuals, families, or organizations. Most of these are endowment funds with specific purposes, such as supporting students pursuing aviation studies or providing grants to organizations addressing food security.

Many of our donor-advised funds are memorial funds, created to honour and celebrate the lives of loved ones who have passed away.

5

Another NWT-based organization

If you want to make an immediate impact, consider supporting one of the charities or nonprofits we recommend. These organizations are the recipients of our 2024 grants! They are listed below in no particular order.

Charities

- [Ecology North](#)
- [Yellowknife Historical Society](#)
